

A prayer over ourselves...

Circle us, Lord;

Circle us with the light of your presence that we might bring glory to your name.

Lord you call us to live holy lives, help us to overcome fears, frustrations and habits which distort that.

Lord you call us to joy help us in our despair and disappointments.

Help us to trust in you and your unfailing love.

Help us to become that which you would desire.

Help us to reveal you faithfully in the world in which we live.

Lord of creation, Lord of Salvation,

Circle us with the light of your presence that we might bring glory to your name.

A prayer over our families...

Circle them, Lord

Circle our families with the light of your presence that they may know, follow and glorify you.

Draw them to yourself through each moment of their lives.

Draw them to a fuller knowledge of your truth and the joy it brings.

Draw them to a richer experience of your Spirit through their choices, friendships and relationships.

Lord of creation, Lord of Salvation,

Circle our families with the light of your presence that they may know, follow and glorify you.
